

IDAHO AIRSTREAM CLUB

a word from our new president

Wow, did 2 years ever go by fast! Thank you for allowing me to be your new president. I joined WBCCI in April of 2016 and by August, I was second vice president of the Idaho Unit. Jumped right in, didn't I? My wife, Marilyn, and I were quickly surrounded by new friends who urged us to participate. We have never regretted stepping up because it is FUN, and all at once we felt some ownership in the club! We liked that WBCCI values community service.

Thanks to all who do accept Board positions and those who work hard on the many other jobs within the club. It takes teamwork to run the Idaho Airstream Club. One "potato peeler" at our last rally said the job went fast because there were lots of helpers. If we all step up to accept a task, big or small, we will have a club that runs smoothly. Volunteer! You will love us!

Wasn't sure if the Installation Rally would happen with all of the smoke in the air and fires near Pollock, ID. The day we got there on Thursday, Aug. 23, it was very smoky and we thought that this may ruin the rally. But as luck would have it for us Airstreamers, it cleared up on Friday and even got better on Saturday. For those of you that did not attend, it was great fun with great food. Thanks to the hosts and co-hosts, the Merells and Canadas. They started planning for this about a year ago.

Upcoming events: City of the Rocks Rally, Sept. 20-23, Trailing of the Sheep Rally, Oct. 11-14, Sun Valley Jazz and Music Festival - Region 10 Rally, Oct. 17-21. Last, but not least, is the upcoming Harvest Dinner at Louie's Nov. 10 @ 6:00 PM that includes our traditional community donation. There will be door prizes and gift certificates from Airstream Adventures Northwest. This will be the last club activity for this year, so don't miss all the fun and laughter.

I am looking forward to working, meeting and enjoying time with all of you. A goal of mine is to keep our new members engaged and encourage them to continue their membership. Our club is all about traveling, sharing with others and making some of the best memories of our lives.

Membership News

from Mim Davidson, Membership Chair

Last August, the Idaho Airstream Club claimed 79 members. Today we have 98! In the WBCCI, members are not just people... Members are "identified by the International Club membership number, shall be considered one vote, except for co-owners who each pay International and Unit dues to this unit". How many people belong to the Idaho Airstream Club? Multiply 98 by 2 and add a few children – over 200 people!

For the calendar year 2018 –

- 17 memberships were sponsored by Airstream Adventures NorthWest.
- 9 joined or transferred through WBCCI

Numbers by area:

13 members live in northern Idaho and eastern Washington. Jim and Kelley Hobart are planning to organize some breakfasts and rallies in the area.

- The North Cascade Washington unit folded this past year. The Idaho Unit invites members who live in eastern Washington to join or affiliate with our unit.

17 members live in eastern Idaho. I want to connect more with these members in the coming year.

64 members call the Treasure Valley home. The remaining **4** live in Oregon, Washington or Alberta.

Thank you to each of you for being so inviting! You make it easier to join a group of strangers.

Special thanks go to:

- Gail Conn for her work on the Directory this year. She has taken a lot of time to bring this document up to date. It is an ever-changing target!
- Marilyn Usselman for calling and reminding members of the monthly breakfast. She finds out about illnesses and celebrations, provides updates info at breakfast, and coordinates the cards that members receive.
- Sherry Hoem for working on the flyer. She organized the materials, and found a person to do the set-up. But coordinating all of this has been a challenge.
- Earl Brace for his years of service as Treasurer! He helped make Membership tasks easier to understand. He kept track of dollars, cents and people! That is not always easy!!

Introducing New Members Tim & Sharon Jacobsen

We recently relocated to Idaho Falls after 20 years in the Seattle-Tacoma area. We are both originally from Montana and raised our two sons in Bozeman.

Although we are new to RVing, having bought our Airstream Interstate Ext Lounge in October 2016, we prepared for it by being very active sailors for about 30 years including living aboard our various sailboats for 8 years. In addition to extensively cruising in the San Juans, Gulf Islands and Desolation Sound we sailed from Seattle to Alaska and then on to Mexico. We spent a year on the west coast of Mexico. We loved cruising, but decided it was time to do more land exploration.

Tim is still working as a CPA but he does it remotely so we hope to continue to expand our travel areas.

We originally were members of the Washington Unit and really enjoyed the people at the Washington Land Yacht Harbor in the Olympia area. However, Mim did a great job of recruiting us to the Idaho Unit. We are going to remain affiliates of the Washington Unit.

DIRECTORY UPDATE: Please update your directory for Jerry & Marilyn Collins. Their addresses are 7154 W State Street, Boise ID 83714 & 4555 S. Mission Road, Tucson AZ 85746. They have Lifetime Membership.

Soda Cracker Candy *from Marilyn Usselman* Enjoyed by many at the August Rally, and by request...

- 1 cup real butter
 - 1 cup brown sugar
 - 1-2 sleeves soda crackers or Waverly crackers (no round crackers)
 - 2-3 cups semi-sweet or milk chocolate chips (depending on size of cookie sheet)
 - 1-2 cups walnuts or almonds, toasted & chopped
- 1 Preheat oven to 400 degrees. Line a large cookie sheet (raised edge) with aluminum foil.
 - 2 Place soda crackers on foil so they are touching.
 - 3 In saucepan, on medium heat, melt butter and brown sugar. Stir constantly until it reaches a full boil.
 - 4 Once it boils, do not stir and boil for exactly 3 minutes.
 - 5 Pour sauce evenly over crackers, smoothing out with spoon.
 - 6 Bake for 5 minutes.
 - 7 Remove from oven. Sprinkle chocolate chips on top and let melt, then smooth chocolate out evenly.
 - 8 Add walnuts or almonds and press into the chocolate.
 - 9 Refrigerate for 3 hours.
 - 10 Break into pieces. Store in cool place.

member spotlight

GARY BETTS and KIM BLACKBURN
from Boise, ID

Tell us about your family... We've been married for 28 years and are recently retired. Kim worked 42 years for the VA and Gary had 38 years with Idaho Power. Our son Alex (age 23) just graduated from the University of Idaho and is living and working in McCall.

Tell us how you two met... We met at a 1989 Shriners bowling tournament in Spokane. Gary and his dad were bowling partners

as were Kim and her mom. Since a bowling alley isn't a very big place and most of the Shriners and their ladies were no longer in their 30s, our paths naturally crossed.

How long have you been members? This is our 3rd year.

What kind of Airstream do you have? Other trailers? We had a pop-up tent trailer for 15 years, but traded it for an Airstream when we lost our "cranker-upper" (our son went off to college). We have a 2016 28 ft Flying cloud that we just got done towing to Portland, Maine to attend our nephew's wedding. Being our first "retiree vacation", we were on the road for 5 weeks and had a great time travelling without any agenda or schedule. However, on our return leg we ran into a big thunderstorm in Colorado that seriously damaged our pickup and totaled our Airstream.

THE STORY: We had started our morning with a flat tire on the trailer. We put on the spare, headed out and found a place a few miles down the road to get the tire repaired. We drove about 40 miles along I-70 into Colorado from Kansas and found a nice wildlife refuge along a dirt frontage road to stop for the night. It was about 5:00pm and the weather was a pleasant 75°. There were some clouds but all was calm, so I put the repaired tire back on the trailer while Kim started preparing dinner. A bit later, I noticed some dark clouds to the northwest, but the breeze was blowing from the southeast and I could see clouds moving with the wind suggesting any storm was moving away from us. Unfortunately, I was seeing the movement of lower clouds, not the storm clouds. As the southeast wind started to pick up, I could see that the dark clouds were definitely getting closer. And then they started looking very "angry". At about 6:00, I went inside to check on Kim's dinner progress. We both checked our cell phones to find that a tornado warning had been issued for our immediate area from 5:56 to 6:18 pm with instructions to seek immediate shelter. It took us about 10 minutes to raise the jacks and stow the inside contents of the trailer. At 6:10, the wind stopped and Kim thought that maybe the storm had passed to the north of us and that we'd be OK where we were. But about a minute later, the wind picked up again, this time from the northwest, and we knew we were in trouble. We took off heading west down the frontage road, but made it only about a half mile when the heavy rain, and then hail, started. The road got slick and we couldn't see, so we stopped right there in the middle of the road while we got pelted with 2" to 3"

(continued on Page 6)

member spotlight (continued from Page 5)

hail helped along by 50 to 70 mph winds. The hail only lasted about seven minutes and the rain and wind a bit longer. When we could check for damage, we found the rear window and a side window completely shattered and missing. Both roof vents as well as the shower and bathroom vents were broken and missing so that rain was coming through. Of course, nearly every aluminum panel had huge dents as well. Fortunately we weren't injured and the cab of the truck was still intact, although the windshield was cracked. We decided our trip was over and hustled straight home driving practically through the night. On a positive note, with some cooperation from our insurance company, we hope to get our new Airstream and our truck repaired by the time this you read this.

Why did you join the club/who asked you? We joined WBCCI because of the rallies and caravans that might help ensure we get the most out of our Airstream. Plus, there are a lot of great people to meet and share Airstream experiences with, not to mention all of the learning opportunities. We are such rookies! We are another product of Mim's recruiting efforts. We bought our Airstream in November 2015 but didn't take possession until March 2016. In the meantime, she found out about us and had us signed up before we even had our trailer.

What has been your favorite trip or rally (as part of the club)? We've enjoyed all four of our Rallies, but would have to rate the Pendleton Roundup as our favorite as going there has always been on our bucket list. Going on your own, it is hard to get tickets or to know where to go or stay. The Rally made it all super easy.

What is the most interesting place you've visited? Visiting the Bird Aviation Museum in Sagle, ID was super interesting and a real treat. It's a place we'd never have gone to (or even been aware of) if we hadn't been on the North Idaho Caravan.

Any places we haven't gone that you would recommend to others? We love going to the Starlight Mountain Theater in Crouch, ID and dry camping with our group at their campground. It's a short drive from Boise and the show is always a lot of fun.

Besides traveling in your Airstream, what are your hobbies/interests? Gary enjoys doing Shriner activities and supporting their hospitals for children. He also likes to ski and play a little golf. Kim enjoys hiking to Table Rock, floating the Boise River, and doing knitting and arts & crafts. She works as the Assistant Sargeant at Arms at the Idaho Legislature when it's in session and volunteers as a "Rocking Grandma" at the Salvation Army Booth Marian Pritchett School for parenting and pregnant teens.

AUGUST RALLY RE-CAP

by Judy Canada, Rally Co-host

Heading out for the "Rockin on the River Rally" in Pollock, ID, we left the smoke-filled Boise Valley going by the way of Highway 95. The valleys were also filled with smoke but no actual fires were seen. Arriving on Thursday, the air was much cleaner than in the Boise Valley. All scheduled to arrive on Thursday made it safely into camp. A happy hour was held and then everyone was on their own for dinner.

Friday, a quick continental breakfast was set out so those attending the fish hatchery tour could be underway by 8:40 AM. Those left in camp had the choice of rock painting, crafts or visiting. All 25 of us met at the River Rock cafe in Riggins for lunch and it was super good food. After lunch, five ladies were in Duyane Canada's "Backing Your Airstream" class. After a short chalk board presentation, everyone was taking their turn backing the Canada's truck and trailer into a actual RV spot. All five ladies did an excellent job with their new found ability and no one or no thing was damaged in the process. The potluck Friday evening had all the usual array of items and no one went away hungry.

Saturday dawned clear and beautiful and "breakfast in bed" was served at each Airstream. Promptly at 8:00 AM, it began with a knock on the door, a good morning song and presenting of the breakfast tray. The pajama-clad hosts made quite a spectacular scene as well as the pajama-clad recipients.

Nine AM began the day with the Executive Board meeting followed by the general meeting. After a two-hour time frame for lunch and rest, Terri Warren, Region 10 President, presided over the installation of the new officers followed by a reception for the new officers. The strawberry shortcake and whipped cream was excellent. At five PM we all gathered together again to visit and help prepare for dinner. John Merrell & Chuck (John's son-in-law) grilled bacon-wrapped steaks. The baked potatoes and corn started in roaster ovens earlier in the day were delicious, as well as the salad and rolls. Ice cream bars were a big hit provided by the July, August, and September birthday/anniversary folks.

If you missed the toilet plunger game check out the photos in this newsletter. Prizes were awarded to the best T.P. passers. A "very" old couple came by and greeted all of us and told of how old and tired they were. They are very good friends of John and Myrna's.

After breakfast on Sunday only five rigs remained. At 2 PM the 10 of us remaining drove to Trick Wood in Pollock for a tour of Maury Douthit's one-man saw mill. He is an artist of wood, furniture, leaded glass windows and house building, beginning with felling of the tree to the finished project. The shops were filled with old but in excellent condition machinery. The house he built from the ground up was fantastic. The furniture, leaded glass, cupboard doors, the awesome staircase etc. were all spectacular. Everyone also enjoyed the tour of his gardens, fruit trees, grapes and flowers.

We headed back to camp for a happy hour and then a ride back into Riggins for dinner. Again the food was super. It started raining while we were in the restaurant and rained all night. A break in the rain at 8:30 AM Monday morning gave us a chance to hitch up and we were on our way home wishing we had more time in the Riggins area. The Treasure Valley had cleared of smoke so the drive home was beautiful.

CITY OF ROCKS RALLY

September 20-23, 2018

Smoky Mountain Campground

Hosts: Earl & Barbara Brace, Fonny & Mim Davidson

Following is the preliminary rally schedule. Some last minute minor revisions may be necessary and will be incorporated in the final schedule which you will receive when you arrive at the rally.

We will be staying at Smoky Mountain Campground located about 1.5 miles southwest of Almo. Turn off of I-84 at Exit 216 onto Hwy 77 towards Declo and Albion. Continue on Hwy 77 about 11 miles past Albion to the junction with the Elba-Almo Road. Turn right towards Elba and Almo arriving at Almo in about 16 miles. Continue through Almo for approximately 3/4 mile and take the road to your right towards the City of Rocks National Reserve. The road to the campground is on your left in 1/4 or less. The campground entrance is on the left in 1.25 miles.

Those coming from Utah leave I-84 and get on Hwy 77 in Malta which becomes the Elba-Almo Road; however, this route has not been scouted.

When deciding what clothing to bring keep in mind that the elevation of the campground is about 5600 feet. Typically the weather is ideal but, of course, there are no guarantees and the evenings will likely be cool.

Bring your tables, chairs and place settings. Anybody who would be willing to bring a large barbeque grill to the rally, please contact Earl Brace.

City of Rocks Rally Schedule

Thursday 20

5:00 PM Special Happy Hour. At campsite no.17. Bring only drinks and save your appetite for dinner.

6:00PM Dinner of grilled hamburgers will be provided.

- October and November birthdays and anniversaries bring sides and salads.
- December birthdays and anniversaries bring desserts.

Friday 21

Breakfast On your own.

8:30 AM Group A: Line up to carpool to the Reserve/Park Visitor Center in Almo.

Orientation video and presentations by Park personnel.

10:00 AM Line up at Visitor Center to carpool to Albion.

Tour Albion Historical Society Museum.

9:00 AM Group B: Line up to carpool to the Reserve/Park Visitor Center in Almo.

Orientation video and presentations by Park personnel.

10:30 AM Line up at Visitor Center to carpool to Albion.

Tour Albion Historical Society Museum.

(continued on Page 13)

City of Rocks Rally Schedule (continued)

Friday 21 (continued)

Lunch On your own at park in Albion (bring your own sack lunch), or at Piggy Sue's BBQ.

1:15 PM Both Groups A & B Regroup in the parking lot at Albion Normal School.

1:30 PM Group A: Visit the Albion Normal School museum, take tour afterwards.

Group B: Start tour of Albion Normal School, visit museum afterwards.

Dinner On your own. The Outpost and Rock City (pizza) available in Almo. Reservations suggested at The Outpost.

Potluck at campground for those who wish.

Saturday 22

8:30 AM Potluck breakfast at campsite no. 17.

9:45 AM Group A: Line up to carpool to Circle Creek Overlook for a nature walk on the Geological Interpretive Trail.

This trail is 1.2 miles roundtrip, nearly level, with 12 interpretive stations. It is an easy, well-maintained trail but sturdy walking/hiking shoes are recommended, and a walking staff could be helpful for some.

Group B: Line up to carpool to Castle Rocks State Park for a nature walk on the Backyard Boulders Trail.

This trail begins at Stines Creek Picnic Area and goes around Castle Rock. An easy hike, but at 2 miles it is slightly more strenuous than the Geological Interpretive Trail.

***IMPORTANT:** Parking is **very** limited at Stines Creek Picnic Area so it is important that everybody carpool to keep the number of vehicles to the absolute minimum required. Even so, it may be necessary to shuttle some folks from other nearby parking areas.

Lunch On your own.

There are picnic tables at Stines Creek Picnic Area as well as several other locations in the Park and in the Reserve for those who would like to bring their lunch. Several locations allow you to watch the rock climbers as you eat your lunch, including watching the climbers from your car.

1:30 PM Group A: Line up at campground to carpool to Castle Rocks State Park for a nature walk on the Backyard Boulders Trail (see description above).

Group B: Line up at campground to carpool to Circle Creek Overlook for a nature walk on the Geological Interpretive Trail (see description and IMPORTANT note above).

5:00 PM Special Happy Hour at campsite no. 17. Bring only drinks and save your appetite for dinner.

6:00 PM Catered BBQ Dinner by Piggy Sue at campsite no. 17. Texas style pork ribs, brisket, potato salad, cole slaw, baked beans, and dessert. Musical entertainment after dinner.

Sunday 23

Breakfast On your own.

9:00 AM The hosts will lead another nature hike in the City of Rocks Reserve for all who are interested. Possibilities include Creekside Towers Trail, and South Fork Trail, among others. If you're leaving today, you can easily be back at Smoky Mountain Campground in time for 1:00pm checkout.

There are many things to see and do in the area. Refer to the information in your rally sack. It is suggested, for example, that you visit Camp Rock and Register Rock to see the pioneer names written in axle grease. Another possibility is the town of Oakley which has been designated a National Historical District because of the turn-of-the-century architecture.

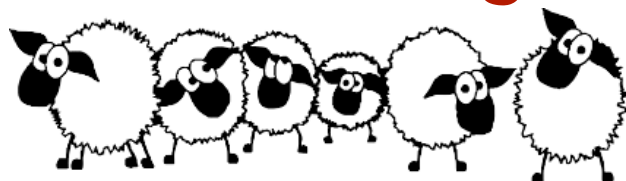

1:00 PM Checkout time for those leaving today.

Monday 24

Nothing is scheduled for Monday. Have a safe trip home!

1:00PM Checkout time for those leaving today.

Trailing of the Sheep Rally

The Meadows RV Park, Ketchum, ID
October 11-14, 2018 (Thursday-Sunday)
Hosts: Ray & Sherry Hoem

We have secured 7 camping spots (including one for ourselves) for Thursday through Monday night (in case anyone wants to stay over an extra night). Please send in the coupon below if you would like to join us!
